Treetops Resort Condo Owner,

Until now, we have not had a formal program for communicating with our individual property owners or the Condo Associations. That is why we created the Condo Owners Liaison Program – to provide an efficient and effective means of communication between our property owners, associations, and the Resort.

This simplified program will provide our property owners with a single point of contact for Resort services, support, or assistance. In addition, a quarterly newsletter will be published and provided, via email, to our condo owners to help them stay connected to the Resort, even if they may be miles away. The newsletter will share newsworthy items about the Resort, important events and upcoming promotions.

Some of you may be acquainted with our Safety/Security Manager, Douglas Robinson (989-350-0239, [drobinson@treetops.com](mailto:d robinson@treetops.com)), who has already demonstrated the ability to provide prompt, efficient and accurate communication with many of you. Doug will serve as the sole point of contact for our Condo Owners and Condo Associations, regardless of the issue or request.

If you have any questions or concerns, please feel free to contact me at kmckinley@treetops.com.
